

NVNC has recently teamed up with DVR Systems to introduce the latest in technology advancements with this discreet, and very effective audio/video device.

The purpose of this Hands Free H.D. Color Video Recorder Systems is to hold everyone accountable for their actions or behavior and to protect your rights as American Citizens. The time to Exercise your 1<sup>st</sup> amendment rights while acting lawfully by documenting ANY event using our DVR Systems has now been introduced to the public and brought to your attention. By creating this accountability, it ensures the safety for you and your family and automatically creates a dated time line and records the actual chain of events and footage is permanently saved on an 8-20GB SD/MMC card until your ready to upload. When your ready to upload footage, plug the cable into the Usb port of your computer and it does the rest. Its just that easy.

This unit covers you from the increase in daily surveillance of Law Abiding Citizens often ending with violent outcomes from those who have been “Sworn to Protect us”. Our cell phones and camcorders are just not enough anymore.

Additional Uses and Benefits for the DVR:

- ⑩ Sporting Events (Ball Games-UFC-Nascar, etc)
- ⑩ Public Gatherings (Meetings)
- ⑩ Unstable Neighbors
- ⑩ Dangerous Drivers (Road Rage - DUII)
- ⑩ Fraudulent Accidents (Insurance Related - Claims)
- ⑩ Police Agencies (Accountability)
